If the applicant applying for an allocation is a new FACILITY, it is appropriate to provide information regarding the anticipated electric service at the new location.

Attention National Grid customers only: the National Grid delivery tariff requires that an interval meter be present to enable National Grid to deliver ReCharge NY power to a facility. In the event your company is awarded a ReCharge NY power allocation, an interval meter must be installed if not already present, prior to National Grid delivering the allocation. This requires a one-time charge by National Grid to the customer. For further information Please call National Grid's Commercial & Industrial Call Center at 1-800-664-6729.
